## **Hints and Tips for Birthday Party Planning**

### **General Tips**

Arrive early, parties **MUST** begin at reserved times. Additional food may be purchased.

The general rule is to invite as many children as your child's age up to age 5 (i.e. if your child is 2, invite 2 children). After age 5, a group of 6 - 10 children is manageable.

Be sure to invite the parents of any children younger than 4 years old.

Plan on having the party last for 2 hours for children under the age of 5.

For younger children, it is best to have several short 15-minute activities planned.
